Date: December 8, 2011

To: Park Township Board

RE: Agenda Item 7: Special Presentations

This month we have two presentations. The first, Item 7.a. is an update on the activities of the Holland Hospital Board by Mr. Greg Maybury, our representative to the Board. It has been some time since we have had such a report and Mr. Maybury's information should prove highly informative.

The second presentation, Item 7.b., is at the request of Ms. Martha Urbin. She intends to discuss and present you with some information on the Park West Drain. She was unable to provide any advance materials in time for the agenda and she does know that the project is under the jurisdiction of the Ottawa County Drain Commissioner.

Manager's Recommendation: Consider the information presented by both Mr. Maybury and Ms. Urbin.
